

WHY CHOOSE HOSTED MICROSOFT EXCHANGE FROM CLICK IT CONNECT?

Click IT offers you a choice for hosted Microsoft Exchange. Businesses on older versions of Exchange server or on POP email find hosted Microsoft Exchange from **Click IT** delivers key business benefits:

- Platform flexibility – Exchange with mix-and-match add-ons
- Support for Mobility – Use ActiveSync to keep content, meetings and contacts synced across all your devices
- Migration services – Ensure a seamless migration to the cloud
- Data privacy – Choose your datacenter, and ensure your data never leaves the USA
- Broad service portfolio – Integration with email archiving, Lync, SharePoint, file sync and share, email encryption, and more

Because your business relies on email as one of the most important means of communication, you want to choose a provider that can offer the most secure infrastructure available.

We provide you with a choice of hosted Exchange for a low monthly fee. You enjoy the simplicity and security of our service.

RELIABILITY AND UPTIME

We offer a **99.999% uptime service level agreement**.

Our multimillion-dollar infrastructure includes datacenters featuring Dell, EMC and Cisco hardware and multiple connections to Tier-1 Internet providers – ensuring high availability and the fastest round trip for your email. As the backbone of their hosted Exchange service, [COMPANY NAME] is delivering the benefits of this Fortune 50 infrastructure to small- and medium-sized businesses.

ADD-ON FEATURES

We offer a complete range of add-on features including **email archiving**, which ensures that every email that gets sent and received is stored in a tamper-proof archive for search and discovery. Beyond the valuable need for data protection, this service fulfills regulatory requirements for email such as HIPAA, GLBA, SOX, SEC, FINRA and FRCP, as well as other state/federal requirements.

16 S. Main Street, P.O. Box 2, Chagrin Falls, OH 44022 / Main: (440) 247-4998 Toll Free: (800) 368-7416

ActiveSync makes it simple for you to instantly activate email service for your user's mobile devices. And other than spending thousands of dollars on your own Exchange Server, you can use our service for just a few dollars a month.

You can also add **SharePoint** for document collaboration; **Lync Secure Instant Messaging** for increased productivity; and **file sync and sharing** for easy and secure sharing of important or large files with anyone in the world.

STRICT SECURITY AND COMPLIANCE

Click IT adheres to the industry's strictest regulations for security and compliance.

- **Backed by a SOC 2 Type 2 audited location:** SOC 2 is an auditing statement issued by the Auditing Standards Board of the American Institute of Certified Public Accountants (AICPA), officially titled "Reports on the Processing of Transactions by Service Organizations." SOC 2 defines the professional standards used by a service auditor to assess the internal controls of a service organization and issue a service auditor's report.
- **PCI Compliant:** As a Payment Card Industry (PCI) compliant company we meet the guidelines set forth by the major credit card companies as a guideline to help organizations that process card payments prevent credit card fraud, hacking and various other security issues. A company processing, storing, or transmitting credit card numbers must be PCI compliant or they risk losing the ability to process credit card payments.

PC OR MAC

Many Exchange hosting companies do not offer both Outlook (for PC) and Entourage (for Mac) support. We offer both, so your staff can use either PCs or Macs. We also offer free **Outlook Web Access (OWA)** - which works on all major web browsers - allowing your users the ability to access their email online from anywhere.

More and more SMBs are making the switch to hosted Microsoft Exchange email. Lower costs, better security and the ability to re-deploy IT staff for other projects and initiatives are attractive advantages of the Software-as-a-Service model. When you're ready to evaluate your options, call **Click IT** to speak with a representative about how your business can benefit.
